

Call for volunteers for the Hydro-Québec Montreal Regional Science and Technology Fair from March 13 to 15, 2016 at Concordia University

The Science Fair is Québec's major science and technology competition. Each year, more than 15,000 young people under the age of 20 exhibit a science project they have developed during the school year before an audience. From Sunday, March 13 to Tuesday, March 15 2016, Concordia University will, once again, be hosting the **English regional final**.

We are in need of volunteers during the following dates and times:

- **Saturday, March 12** **between 9:00 am and 5:00 pm**
- **Sunday, March 13** **between 7:00 am and 6:00 pm**
- **Monday, March 14** **between 7:00 am and 6:00 pm**
- **Tuesday, March 15** **between 7:00 am and 10:00 pm**

Volunteers will be required for various activities and to perform tasks such as:

- ✓ preparation of packages/documents and assist with the physical set-up of event spaces before the event (Saturday only);
- ✓ exhibitor registration and assist with project set-up (Sunday only);
- ✓ welcome/information table and floor monitors (Sunday -Tuesday);
- ✓ daily exhibitor check-in (Monday and Tuesday);
- ✓ assist with the teardown of project exhibits after the event (Tuesday only);
- ✓ guide exhibitors and chaperons to/from the opening ceremony venue (Sunday only);
- ✓ guide exhibitors, chaperones and guests to the closing/award ceremony venue (Tuesday only);
- ✓ assisting the Event Organizers, Atrium Team Leaders and Volunteer Coordinator as required (Saturday-Tuesday);
- ✓ and much more!

This is a great opportunity to meet staff and other students from the University and help make the experience for these young scientists a memorable one! You will receive a **free t-shirt** and have **access to a comfy room** to chill before or after your shift, with **food and refreshments**. Depending on your shift, breakfast+snack or lunch+snack will be provided.

If you are a current Concordia student, staff member or know someone who might be interested in volunteering, just fill out the form (pdf document titled "2016MRSTF_volunteerapplicationform") and email it to Wendy Hedrich at whedrich@bell.net. The **deadline to submit** the volunteer form is **Friday, February 19, 2016, 4:00 pm**.

There is a **mandatory information session** to attend if you wish to volunteer for this event. Details can be found in the application form.
