

- 1) The total duration of a game is 15 minutes which include: 5 minutes of calibration, adjustments, & trial runs, and 10 minutes of "actual game" where the score is recorded.
- 2) Any time remaining from the trial run cannot be added to the time of the "actual game".
- 2) The "actual game" starts when the "Round Captain" tells the judge to start the clock.
- 3) A team may choose to have different captain for each round.
- 4) Only the "Round Captain" is allowed to touch the Robot during the "actual game".
- 5) Teams must be ready to start their calibration & trial runs according to the schedule below.
- 6) The Judge makes the final decisions. You may respectfully discuss your concerns with the judge at the end of a game.
